

[Exciting News] We are now using Music Uploads

Exciting News !! We have joined Australia largest Music Uploads Management Service.

What is this you may ask ?

Music Uploads is a cloud based platform Australia wide that allows competitors to upload their music prior to the event.

- ✔ This takes out the stress of music not playing, stopping halfway through or wrong songs being played on the day.
- ✔ Their popular Voice Critiques software is included and will upload the Critiques direct into your account.
- ✔ If you do not have an account, they offer different storage plans that allow you to store your Music and Voice Critique from different competitions all in one location.
- ✔ You will need to purchase a region add-on for any new competition you would like to add to the service.

This new service is truly a game changer, and is now part of all our competitions moving forward.

You can find out more information at www.musicuploads.com.au
