

## [ Its Official ] We are now using Music Uploads

1. Well, we did it, We are making the change !! Music Uploads Management is coming to us, we will now be using this service for our Competition or Eistedfod. It's contactless, all online and will help take out the stress of music issues that arise from time to time, Plus the Voice critiques will be saved direct to your cloud storage accounts.

2. Soon you will need to start uploading your music. We will post out some information when the program is final. If you have already used or uploaded your music to this service before, you can simply transfer your music over to us. Just remember you need to make sure your storage account is active. If not you can renew or sign up with the link below.

Before you start this new journey have a quick look at the overview video.

Important Note about Audio Critiques - After the Competition has finished your critiques will be uploaded to ML Media Centre and this can be accessed from the main dashboard in Music uploads. Please allow 2hrs to 2Days after you have performed for these to show up in your accounts. There can be times that internet upload speed and access may be outside of our control.

More and more competitions and eisteddfods are using this method, it's just one less thing to stress about on the day.

Done! Thats all for now, finally we have a music solution that work for your music and Critiques all in 1 location.

If you have time, take a look at our website video instructions. These are aimed to guide you in small parts, rather than one full instructional video.

Music Uploads
